REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors
Securities Group Company K.S.C. (Closed)
State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Securities Group Company K.S.C. (Closed) (the Parent Company) and subsidiaries (the Group) as at September 30, 2018 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim consolidated financial information in accordance with the basis of presentation set out in Note 2. Our responsibility is to express a conclusion on this interim consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

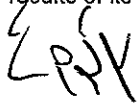

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial information is not prepared, in all material respects, in accordance with the basis of presentation set out in Note 2.

Report on other Legal and Regulatory Requirements

Furthermore, the interim consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, and by the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the six months period ended September 30, 2018 that might have had a material effect on the Group's financial position or results of its operations.

We further report that, during the course of our review and to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning Currency, the Central Bank of Kuwait and the Organization of Banking Business, Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations during the six months period ended September 30, 2018, which might have materially affected on the Group's financial position or results of its operations.

(c) Changes in accounting policies due to adoption of new standard

The key changes to the Group's accounting policies resulting from its adoption of IFRS 15 are summarized below:

IFRS 15 Revenue from Contracts with Customers

IFRS 15, effective for annual periods beginning on or after January 1, 2018, establishes a single and comprehensive framework for determining whether, how much and when revenue is recognized. The standard replaces IAS 18 "Revenues", IAS 11 "Construction Contract" and several revenue – related Interpretations and provides a new control-based revenue recognition model using five-step approach to all contracts with customers.

The five steps in the model are as follows:

- Identify the contract with the customer;
- Identify the performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations in the contracts;
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Upon adoption of IFRS 15, the Group has applied the cumulative effect approach by retrospectively adjusting opening retained earnings as of April 1, 2018 and will not restate prior periods. Based on the current available information and assessment, management has concluded that the adoption of this standard will not have a material impact on the Group's interim consolidated financial information.
