The Board of Directors
Securities Group Company K.S.C. (Closed)
State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Securities Group Company K.S.C. (Closed) ("the Parent Company") and its subsidiaries (collectively, "the Group") as at September 30, 2021 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity". A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

Emphasis of Matter

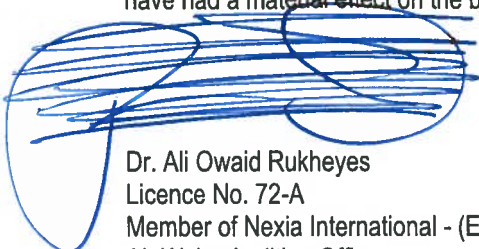

We draw attention to Note (16) to the accompanying interim condensed consolidated financial information which describes a lawsuit filed against Parent Company. Our conclusion is not modified in respect of this matter.

Report on other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, and by the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the six months period ended September 30, 2021 that might have had a material effect on the business of the Parent Company or on its financial position.

THE POWER OF BEING UNDERSTOOD
AUDIT | TAX | CONSULTING

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning Currency, the Central Bank of Kuwait and the organization of banking business, and its related regulations or of the provisions of Law No. 7 of 2010, concerning the Capital Markets Authority and its related regulations during the six months period ended September 30, 2021, that might have had a material effect on the business of the Parent Company or on its financial position.

17. Impact of Covid-19

The continues spread of the coronavirus ("COVID-19") across various geographies globally, which was declared a pandemic by the World Health Organization, has caused disruption to business and economic activities. The fiscal and monetary authorities around the world, including Kuwait, have announced various support measures across the globe to counter the possible adverse implications of COVID-19. This note describes the impact of the outbreak on the Company's operations and the significant estimates and judgements applied by management in assessing the values of assets and liabilities as at September 30, 2021.

(a) Credit risk management

The management of the Group has taken several measures to manage its risk associated with the pandemic, including identification of the most vulnerable sectors primarily affected and placing added measures to ensure a high level of scrutiny. The uncertainties caused by COVID-19 required the Group to consider the impact of higher volatility considered for the determination of expected credit losses ("ECLs") as at September 30, 2021.

(b) Liquidity risk management

In response to the COVID-19 outbreak, the Group is closely evaluating its liquidity and funding position and taking appropriate actions. The Company will continue to assess its liquidity position by closely monitoring its cash flows and forecasts.

(c) Fair value measurement of financial instruments

The Group has considered potential impacts of the current market volatility in determination of the reported amounts of the Group's financial assets, and this represents management's best assessment based on observable available information as at the reporting date. Given the impact of COVID-19, the Group has assessed whether the fair values of the financial assets and liabilities represents the price that would be achieved for transactions between market participants in the current scenario.

Further information on the Group's policy in relation to fair value measurements is disclosed in (Note 15).

(d) Going concern

The Group has performed an assessment of whether it is a going concern in light of current economic conditions and all available information about future risks and uncertainties. The projections have been prepared covering the Company's future performance, capital and liquidity. The impact of COVID-19 may continue to evolve, but the present time the projections show that the Company has ample resources to continue in operational existence and its going concern position remains largely unaffected and unchanged from March 31, 2021. As a result, this interim condensed consolidated financial information has been prepared on a going concern basis.

The existing and anticipated effects of the outbreak of COVID-19 on the global economy and financial markets is expected to continue to evolve. The scale and duration of these developments remain uncertain at this stage but could negatively impact the Group's financial performance, cash flows and financial position in the future. The Group will continue to monitor the market outlook and update its assumptions, and forecasts as that may have a substantial impact on the interim condensed consolidated financial information in the future.
